Bids received until Feb. 1, 1915.

Almshouse Building

Bridgeport, Conn.

Sealed proposals will be received by the undersigned until 12:00 o'clock noon, Monday, Feb. 1st, 1915, for the erection of Almshouse Building for the City of Bridgeport, Conn. Separate bids will be received on the following: Item No. 1, General Construction of building, including the electrical work, Item No. 2, Mechanical Equipment.

Each bid must be accompanied by a certified check for 2½% of the amount of the bid. All checks to be made payable to the City of Bridgeport. Checks will be returned to unsuccessful bidders as soon as possible after awarding the contracts. The successful contractors will be required to give satisfactory bond guaranteeing the faithful performance of each contract aggregating in amount to 50% of the amount of the contract.

The Board of Charities reserves the right to reject any or all bids.

One set of drawings and specifications may be obtained upon application to the undersigned upon payment of $25.00. This deposit to be forfeited if drawings and specifications are not returned in good order at the expiration of ten days from date of receiving same.

BOARD OF CONTRACT & SUPPLY,
Room No. 28, City Hall, Bridgeport, Conn.

Bids received until Jan. 20, 1915.

Fire Hydrants, etc.

Sweetwater, Texas.

The City of Sweetwater, Texas, will consider proposals at 2 P.M. of January 20, 1915, for the purchase of the following materials:

50 fire hydrants, 6" inlet, one 4" outlet, two 2½" outlets, six foot barrel, automatic drain and working pressure of 125 lb. per sq. inch.

60 iron body, hub ends, gate valves in sizes ranging from 4" to 12" with working pressure of 125 lb. per sq. inch.

½ dozen blowoff valves for 12" line with working pressure of 60 lb. per sq. inch.

½ dozen automatic air escapes for same line.

1500 18" extension service boxes.

1500 water meters.

1500 Mueller corporation cocks in sizes from ½" to 1".

1500 wiped joint 18" goosenecks connections from ½" to 1".

Above are approximate quantities required and the City reserves the right to purchase more or less as desired, or to reject all proposals.

Dealers in these materials are invited to submit data and prices on or before the above mentioned date.

GEO. T. WILSON, Mayor.

Bids received until Jan. 21, 1915.

Motor for Laundry

Poughkeepsie, N. Y.

Sealed proposals for Motor for Laundry at the Hudson River State Hospital, Poughkeepsie, N. Y., will be received by the State Hospital Commission, Capitol, Albany, N. Y., until 2:30 P.M., Jan. 21, 1915, when they will be publicly opened and read. Proposals shall be enclosed in envelopes furnished by the State Architect, sealed and endorsed, and shall be accompanied by a certified check in the sum of One hundred fifty Dollars. The contractor to whom the award is made will be required to furnish a surety company bond in the sum of 50% of the amount of contract within thirty days after official notice of award of contract, and in accordance with the terms of specification No. 2144. The right is reserved to reject any or all bids. Drawings and specifications may be consulted at the Hudson River State Hospital, Poughkeepsie, N. Y., at the New York office of the Department of Architecture, Room No. 1224, Woolworth Building; at the Department of Architecture, Capitol, Albany, N. Y. Drawings and specifications and blank forms of proposals may be obtained at the Department of Architecture, Capitol, Albany, N. Y., upon reasonable notice to and in the discretion of the State Architect, Lewis F. Pilcher.

LEWIS M. FARRINGTON,
Assistant Secretary.

Dated, Albany, N. Y., December 30, 1914.

Bids received until Jan. 14, 1915.

Superstructures of Highway Bridges

THE SANITARY DISTRICT OF CHICAGO
TO CONTRACTORS

Sealed proposals indorsed "PROPOSALS FOR SUPERSTRUCTURES OF HIGHWAY BRIDGES ACROSS THE CALUMET-SAG CHANNEL" will be received by the Clerk of The Sanitary District of Chicago at the office of said District, Room 700, No. 910 South Michigan Avenue, Chicago, Illinois, until 12 M., standard time on Thursday, JANUARY 14, 1915, and will be publicly opened by the Board of Trustees of said Sanitary District at a meeting to be held on that day or at the first meeting thereafter.

The work for which such tenders are invited consists of the furnishing, fabrication and delivery of all metal work for the superstructures of the following bridges:

DIVISION A: A STEEL HIGHWAY BRIDGE across the Calumet-Sag Channel of The Sanitary District of Chicago on the line of WEST EIGHTY-SECOND STREET, situated in the Township of Palos, County of Cook, State of Illinois, and DIVISION B: A STEEL HIGHWAY BRIDGE across the Calumet Sag Channel of The Sanitary District of Chicago on the line of BURR OAK AVENUE, situated in the Township of Worth, County of Cook, State of Illinois.

Proposals may be submitted for the work under either of said Divisions or for the work under both of said Divisions.

A deposit of THREE HUNDRED DOLLARS ($300.00) is required with each proposal for the work under Division A, and of SEVEN HUNDRED DOLLARS ($700.00) with each proposal for the work under Division B, or a total of ONE THOUSAND DOLLARS ($1,000.00) with each proposal for the work under both of said Divisions.

The work under EACH of said Divisions may be awarded under a separate contract or the work under BOTH of said Divisions may be awarded under one contract, as the Sanitary District may elect.

All proposals must be made upon blank forms of proposal furnished by said Sanitary District, and shall be made in accordance with and to conform to all the terms and conditions set forth in "Requirements for Bidding and Instructions to Bidders" attached thereto.

Form of proposal, contract, specifications, and plans may be obtained upon application at the office of said Sanitary District. A deposit of Five Dollars ($5.00) will be required for each set of plans and specifications taken out. Said sum of Five Dollars ($5.00) so deposited, will be refunded by said Sanitary District upon the return of said plans and specifications to said Sanitary District, in good condition, provided same are returned within thirty (30) days after the date on which said proposals are opened.

The Board of Trustees of said Sanitary District reserves the right to reject any or all proposals.

THE SANITARY DISTRICT OF CHICAGO,
By THOMAS A. SMYTH,
President of its Board of Trustees.
Attest: JOHN McGILLEN, Clerk.
Chicago, December 28, 1914.

Bids received until Jan. 21, 1915.

Underground Steam Connections

Collins, N. Y.

Sealed proposals for Underground Steam Connections, etc., for the existing buildings at the Gowanda State Homeopathic Hospital, Collins, N. Y., will be received by the State Hospital Commission, Capitol, Albany, N. Y., until January 21, 1915, at 2:30 p.m., when they will be publicly opened and read. Proposals shall be enclosed in an envelope furnished by the State Architect, sealed and endorsed, and shall be accompanied by a certified check in the sum of Three hundred Dollars. The contractor to whom the award is made will be required to furnish a surety company bond in the sum of 50% of the amount of contract within thirty days after official notice of award of contract, and in accordance with the terms of specification No. 2188. The right is reserved to reject any or all bids. Drawings and specifications may be consulted at the Gowanda State Homeopathic Hospital, Collins, N. Y., at the New York Office of the Department of Architecture, Room 1224, Woolworth Building, and at the Department of Architecture, Capitol, Albany, N. Y. Drawings and specifications and blank form proposals may be obtained at the Department of Architecture, Capitol, Albany, N. Y., upon reasonable notice to and in the discretion of the State Architect, Lewis F. Pilcher.

LEWIS M. FARRINGTON,
Assistant Secretary.

Dated, Albany, N. Y., December 30, 1914.

Bids received until Jan. 20, 1915.

Gravity Conduit

Sweetwater, Texas.

The City of Sweetwater, Texas, will open bids at 2 P.M. on January 20, 1915, for the construction of a 12" diameter cast iron gravity conduit from Lake Trammell to Sweetwater, a distance of 6¾ miles. Engineer's estimate of cost is $16,000.00 not including pipe which has been purchased by the City.

Plans and specifications are on file in the office of the City Secretary. A deposit of $15.00 will be required to guarantee the return of same in good condition.

The City reserves the right to reject any or all bids.

W. H. BARTLETT, City Secretary.

Bids received until Jan. 20, 1915.

Stand Pipe

Sweetwater, Texas.

The City of Sweetwater will consider proposals at 2 P.M. of January 20, 1915, for furnishing and erecting a 250,000 gallon capacity cylindrical steel stand pipe, 28' in diameter and 60' high. Concrete base will be constructed by the City. Manufacturers are invited to submit plans, specifications and prices on or before the above date.

GEO. T. WILSON, Mayor.

ENGINEERING MEN in every line for available positions. Applicants and employers write, The Toledo Engineering Agency, Toledo, Ohio.

WANTED

Agents and Salesmen

WANTED; SELLING HOUSE—A profitable opportunity is open for first class selling houses in New York and Chicago having live organizations, to secure very remunerative contracts for the Middle and Western States. Exclusive selling rights will be given for handling high grade machinery with an assured market. No letters answered from those without rating unless substantiated by references showing necessary ability to secure large contracts with steam power users. W. 688, Eng. News.

MISCELLANEOUS

STUDENTS wanted in all schools and colleges to sell the "Gilson Slide Rule." Liberal proposition. Slide Rule and instructions, 50c. Clair Gilson, Niles, Mich.

CHARTS FOR REINFORCED-CONCRETE BEAM DESIGN according to report of Joint Committee (Nov. 20, 1912). Rational and economical. Price, 40 cents. C. Siquot, 6 East German St., Baltimore, Md.

BUSINESS OPPORTUNITIES

WANTED—To sublet about 500,000 cu.yd. dragline excavation to reliable party who is in position to do work at once. B. O. 656, Eng. News, Chicago.

STRUCTURAL STEEL ENGINEER will connect with practicing engineer or architect on partnership basis. B. O. 703, Eng. News.

ENGINEER, ten years' general construction experience, wants partner with capital for building concrete and brick roads in Ohio. B. O. 682, Eng. News.

A VERY PROFITABLE INVESTMENT can be made in a recently established company having a cash surplus, engaged in manufacturing mechanical apparatus amply protected by patents. Orders show exceptionally large profits and with a view to extending their field of operations the company desires to add to its organization a qualified business man who can invest a substantial amount, preferably one who can act as treasurer and assist in the office management; but a responsible position can be offered a young man having an engineering training with the necessary capital to make a good connection. Proposition is closely held and will deal only with principals desiring a live interest and square treatment. Please indicate qualifications in first letter. B. O. 687, Eng. News.

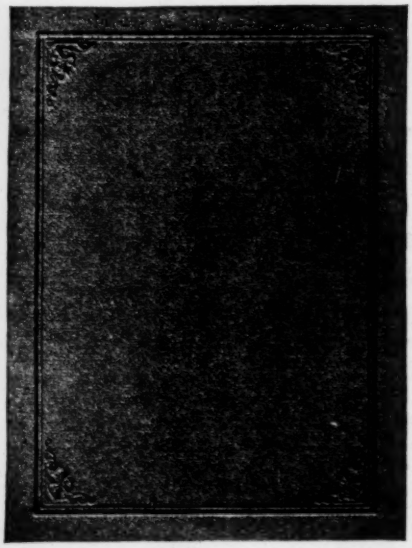
"BUY THE BINDER"



Bye and bye you'll buy the binder. Why not now?

THIS is the BEST way to keep your copies of Engineering News.

¶ Unless you **throw away** each issue it will **pay** you to buy the binder. Because when you want to know what that article said, what those figures were or what transpired then, you'll have the information in

Neat—Compact—Findable

form. You wouldn't say that it wouldn't be worth 50 cents to you, would you? That is the price, prepaid to your door. Will you send us your order now?

¶ A handsome, heavy board and cloth binder, heavily grained. Holds 6 months' issues. Easily manipulated and with the index, furnishes a bound volume ready for instant reference. Index furnished every 6 months **Free.**
